

ASSOCIATE RECTOR

2017

St Paul's and St George's is a vibrant Scottish Episcopal (Anglican) church with a congregation of around 1,000 which has at its heart our belief that we are called to be whole life disciples, sharing the whole of the gospel, with the whole of society, through churches of grace.

We are looking for another clergy colleague to work closely with the Rector and other staff, who will help the church to develop in innovative and imaginative ways, to enable us to fulfil the vision God has given us.

Is that you? Read more inside.

Thank you for expressing interest in the Associate Rector role at Ps & Gs. I hope you find the enclosed material helpful in telling you a bit more about the church, and the job. If I can help in any way, do please get in touch with me in the church office.

We are at an exciting time in the life of Ps & Gs. Three years ago we launched our Soul Food ministry, reaching out to the homeless and vulnerable in our community by providing a free meal every Saturday and building relationships. This year we have launched our second church plant, Mustard Seed, Edinburgh, following the successful church graft in Fife 2014. We are significantly involved in detailed discussions on what part Ps & Gs might play in the future of theological education in Scotland.

We are finding new ways to deliver the Alpha Course in our city following our relaunch in Autumn 2016. We held our first Children's Ministry conference, Seen & Heard, in September 2016. We are developing our worship initiatives such as our Kingdom Come prayer nights. We encourage and help people to become whole life disciples through Connect Groups, our School of Theology, courses such as the Network course, and our Core Leaders Programme.

However we want to grow more and make a greater impact on the whole of society. We want to draw alongside, live with and share God's love with our communities, especially those on the edges.

In the following job description, you will find a number of areas for you to consider – social transformation, pastoral care, church planting, evangelism, Student Ministry, 20's & 30's – all areas where we need someone passionate and equipped to shape what God is calling us to be and do. We are looking for someone who could lead at least 3 of them.

Please be assured of our prayers as you seek whether God is calling you to join us in Edinburgh. We want God's person that He is calling to join the staff team - and we will be praying that together we will be able to discern His voice.

Thanks again for your interest.

Yours warmly,

Dave Richards, Rector

Who We Are

Ps & Gs (St Paul's and St George's) is a Scottish Episcopal Church with a congregation of around 1,000. Based in the heart of Scotland's capital city, our aim is to bring people and God together by being whole life disciples, sharing the whole of the gospel, with the whole of society, through churches of grace.

Built in 1818 and refurbished in 2008, the church building stands in a strategic location in the heart of Edinburgh's New Town. We have three Sunday services, a vibrant community life with over 50 ministry areas, and many opportunities to serve those around us. We are excited about our future as we grow together into the church God intends for us.

STRATEGY

Our current strategy has four strands:

- Discipleship
- Social Transformation
- Theological Training
- Church Planting

A summary of our strategy is on our website. You can read about our values on the About Us page.

"I joined the staff team at Ps & Gs as one of the Associate Rectors 19 months ago. It has been brilliant to be part of the senior leadership of a large, lively church, to share ministry with some incredible people and to play my part in shaping and enabling the vision and strategy of the church to happen. There have been many opportunities to be innovative and develop the areas of ministry I have oversight over, to grow as a preacher and minister, as well as develop leadership across the church. Every day we get to see God at work in our own lives and the lives of people in our church and city, what a privilege!"

- Libby Talbot, Associate Rector

Our History

The origins of St Paul's and St George's can be traced to a gathering of a group of Scottish noblemen and English civil servants in a house in Edinburgh's Old Town in 1708. The congregation sought a new meeting place in the New Town which was then under construction. They moved to the present building in 1818. By the early 1980's the congregation had dwindled to only 20 people. At this time, God gave an elderly lady a vision of the church full of young people praising Him. She lived to see this vision come true.

The present phase of the church's life was a result of the initiative and participation of another church: St Thomas', Corstorphine. The latter's growing congregation had for some time been looking to establish a city centre work. The last 30 years have seen continued growth and development. In 2008, we moved back into a newly-restored building, for which the congregation have given an amazing £6.7 million so far. Through our facilities we have been able to grow our existing ministries and develop into new areas.

And finally - can we tempt you to Edinburgh?

Edinburgh is the capital city of Scotland and the location of the Scottish Parliament. It is a vibrant, cosmopolitan city whose population doubles during the summer months as the various Festivals (Jazz, Comedy, Film and Television, Politics, Fringe and International) draw over half a million people from across the world.

With four Universities, the student population also continues to grow. Despite difficulties in the banking world in the last few years, Edinburgh remains a thriving centre for finance and commerce. With its UNESCO World Heritage listing, its famous Military Tattoo and Hogmanay celebrations, it holds a reputation as one of the leading cities of the world.

Finally, consider this: over the last few years Guardian/Observer readers have consistently voted Edinburgh 'Favourite UK City' in their travel awards. It's not a coincidence. Edinburgh is a wonderful city in which to live: all the resources and culture of a capital city, but on a manageable scale. Coast and mountains are nearby, not to mention Arthur's Seat in the heart of the city.

Attractive and challenging enough? We'll be praying for you.
